(HICAP) *

HICAP (Health Insurance Counseling and Advocacy Program) is an information and counseling service that is supported by the local Agency on Aging (established under the Older Americans Act). Appointments with HICAP Counselors are usually available through most senior centers and we are fortunate to have as our guest speaker, Christina Kahn, Community Outreach Coordinator for HICAP in our area. The HICAP program does not represent any insurance or healthcare entity and their job is to provide information so that individuals can make informed choices about their healthcare. Ms. Kahn will be explaining the upcoming changes in Medicare and also provide information (and comparisons) about different supplemental healthcare options.

Note: *If you wish to change your Medicare coverage in any way, you can do so between October 15 and December 7, 2011.
