Join us for an inspiring night of collaboration and commitment to making a tangible difference in the lives of our hardworking farmworkers.

About Us

Puente de la Costa Sur, through its affiliate Puente Housing Solutions (PHS), LLC., works toward housing solutions for unincorporated South Coast communities in San Mateo County, California. PHS' first project is to preserve farmworker housing in Pescadero, CA through the acquisition of the former Pescadero Union High School, built in 1925, which was converted to farmworker housing in the 1980s. Puente is committed to making the necessary improvements for safe and dignified living while keeping these units affordable for community members for years to come. The building currently contains family living units with ensuite kitchenettes and bathrooms, as well as single units that share a communal kitchen and two bathrooms (one each for women and men).

Rehabilitate the Two Communal Bathrooms:

Upgrade and modernize shared bathrooms to ensure a clean and dignified environment for residents.

Rehabilitate the Communal Kitchen:

Renovate the shared kitchen to provide a safe, functional, and welcoming space for meal preparation.

Replace the Former High School's Roof:

Install a new roof to protect the building and ensure a safe, secure living environment.

Preserve the Existing Units:

Maintain and improve the current living units to provide affordable, safe housing for community members.
